

SOUTHPORT YACHT CLUB INC.

CORPORATE SAILING

Our Corporate Sailing Day is a fresh approach to your team building, networking event or conference break! Trying this unique Olympic sport will leave a lasting impression on your participants as they learn to sail and then take control of our fleet of one-design "Blazer 23" Sports Boats. Racing against each other on the beautiful and protected waterways of the Gold Coasts' Broadwater will give you an exhilarating sailing experience, leaving you and your team with an adrenalin rush! Buzzing about the experience long after the day is over!

One of the many great features of our product offering is that anyone can participate in the sailing whatever their age or ability. Each yacht comes with a motivated, experienced and Yachting Australia certified instructor on board to guide and assist each team through the activity, ensuring everyone has an exciting time in a controlled environment.

The events are fully co-ordinated and managed on your behalf by the friendly and professional team at Southport Yacht Club - *South East Queensland's premier boating establishment.*
