

SOUTHPORT YACHT CLUB BOARD MEETING
HELD AT THE MAIN BEACH CLUBHOUSE
Monday, 22nd December 2014, 2.30pm

The Board Pack

- Applications for Youth Sailing Funding were received and the Board is pleased to announce that all eligible applications were passed, allocations will be made to these sailors attending National events. The Board and Management wish them all the very best in these events.
- GCWA & Swing Mooring amendments are still a couple of months away from final discussions and implementation. More information to come as it is provided to SYC.
- Training and maintenance plan for the new vessels has been developed and will be implemented.
- Dux Pontoon has seen some members tie up for longer periods than the 20mins unload time stated on the signage. Members are asked to respect the rules for use of the Pontoon.
- SYC Main Beach Marina has received "Fish Friendly" status via Marine Industries Association.
- Car park refurbishment has moved to the next phase with the front of the Club now being worked on. Access to the Club is now available via Seaworld Drive, next to the hardstand.
- The Powerboat Division are working on an Anzac Day flotilla to tie up just off the Broadwater Parklands event. More information will be available soon.
- Hollywell beachside is to be upgraded after logs fell from this area. This is now to be a concreted area similar to next door which will be a long lasting option and most importantly will include an engineer's report.
- Some Members have requested the bar stools at Main Beach to include back support, Management will review this and gain quotes if required.
