

The SYC Powerboat Committee is offering a series of training sessions specifically designed to meet the needs of SYC Members to ensure their boating adventures are as safe as possible and therefore an enjoyable time for all on-board.

## FREE INFORMATION EVENING

SOUTHPORT YACHT CLUB IN CONJUNCTION  
WITH THE QUEENSLAND WATER POLICE

Invite you and your partner to join us for an informative evening with the 'Boys in Blue'  
All the questions you have always wanted to ask of them but have been too frightened to do so.

Keep yourself safe and legal with all of the 'right answers' rather than some of the scuttlebutt that does the rounds.

Be our guest at 6 o' clock on Monday the 14th December 2015  
at the Main Beach Clubhouse for an evening of information  
and good advice from our friends on the water.

### Bookings are necessary
