

# CORPORATE

# *Sailing*

at Southport Yacht Club

## **Corporate Sailing is a fresh approach to team building, networking or conference break!**

Trying this unique Olympic sport will leave a lasting impression on your participants as they learn to sail and take control of a one-design "Blazer 23" Sports Boat. Racing against each other on the beautiful and protected Gold Coast Broadwater will give you an exhilarating sailing experience, leaving you and your team with an adrenalin rush. Buzzing about the experience long after the day is over!

One of the many great features of our product offering is that anyone can participate in the sailing whatever their age or ability. Each yacht comes with a motivated, experienced and Yachting Australia certified instructor on board to guide and assist each team through the activity, ensuring everyone has an exciting time in a controlled environment.

The events are fully co-ordinated and managed on your behalf by the friendly and professional team at Southport Yacht Club – South East Queensland’s premier boating establishment.

We can tailor a package to suit any need or budget but have prepared some customised packages for you to view as follows;

**1.5 hour Sail Racing Experience:**

- 23 Foot Blazer Sports Yachts skippered by Yachting Australia certified Sailing Instructors. Maximum number of four (4) participants per vessel
- Pickup and drop off from our Hollywell Sailing Squadron
