WELCOME

Welcome to Southport Yacht Club.

Whether you are a new berth holder, first time visitor or an old friend, we have pleasure in welcoming you to the Southport Yacht Club.

Designed around the needs of the boating fraternity, Southport Yacht Club's floating marina with berths available from the smallest vessel up, to 130 metre Megayachts, offering services unparalleled in other Australian marinas. From hardstand services, gym, chandlery and restaurants on site through to cinemas, shopping centres and theme parks all within close proximity.

Set in a location, of outstanding beauty and world famous beaches, the area is abundant with wildlife.

From Southport to Brisbane, the sheltered and safe waterways make an ideal cruising ground for both experienced and less experienced sailors.

Southport Yacht Club's marina, nestled at the southern end of the Gold Coast Broadwater, enjoys a unique atmosphere of absolute peace and tranquility, and yet the excitement and high life of Australia's premier tourist region is within just a short walk. For over 75 years, Southport Yacht Club has fulfilled the various needs of recreational mariners from around the world. Regarded as one of Queensland's most modern marina facilities, Southport Yacht Club is staffed with experienced teams to look after your every wish - just about anything the novice or seasoned expert may need for the boat, entertainment for family and friends or for corporate functions.

If you have any queries, or need assistance, please do not hesitate to contact a member of staff - either at the Clubhouse or the Marina Office.

We hope you enjoy your stay.

THE GOLD COAST IS THE PLACE TO BE FOR ACTION

The Gold Coast is a busy metropolitan region, home to more than half a million people, is located 66 kms (41 mi) south of Brisbane on Australia's east coast. It has its own international airport and is only an hours drive from Brisbane International Airport.

Located at 28.0167° S, 153.4000° E, the city sits on 57 kms of pristine coastline and stretches out inland 50 kms west to easily accessible sub-tropical rainforests with breathtaking scenery.

Its temperate climate, receiving an average of 10 hours of 25°C sunshine per day approx. 300 days per year, is especially beneficial for hosting major events and festivals with a reduced likelihood of adverse weather conditions. So there is plenty of sun, sand and surf for everyone to enjoy the whole year round and to do whatever activity they wish.

Go for a spot of surfing at one of our world famous beaches, perhaps take in a bit of sun, maybe stand-up paddle-boarding, kayaking or adventure safaris on the dunes. The beautiful sandy beaches of the Gold Coast make up some of the best in Australia – especially Surfers Paradise.

Some of the top beaches on the Gold Coast include:

Burleigh Heads
Coolangatta Beach
Kirra Beach
Main Beach
Nobby Beach.

Our coast is also a busy thoroughfare for migrating whales from May to November, and especially busy in the winter months. Spend enough time on the beach and chances are you'll see plenty of these majestic creatures passing by, sometimes within a stone's throw from the shore!

The Gold Coast isn't all about sun, sand and surf. The Hinterland region is a wealth of raw natural beauty, and the perfect alternative to a day at the beach. Visit National Parks, then go zip-lining through the rainforests and horse riding through eucalyptus-filled bush-lands.

Don't forget the Gold Coast also has a myriad of events throughout the year if you want to get out for a bit of excitement or go to a festival. Music, food and cultural events are on the year round, running through the day and also lighting up the night!
